

Instructional Materials Funding Realignment Program (IMFRP)
Petition Request
CALIFORNIA STATE BOARD OF EDUCATION
SEPTEMBER 2003 AGENDA
Item No. W-10

SUBJECT: Petition request under <i>Education Code</i> (EC) Section 60421(d) and 60200(g) by Cypress School District to purchase non-adopted Instructional Resources (<i>Houghton Mifflin Mathematics, Grade 6</i>) using Instructional Materials Funding Realignment Program (IMFRP) monies.	<input checked="" type="checkbox"/> ACTION <input type="checkbox"/> INFORMATION <input type="checkbox"/> PUBLIC HEARING
CDSIS: 27-7-2003	

RECOMMENDATION:

The Department recommendation: Approval August 1, 2003 through July 31, 2005.

Summary of Previous State Board of Education Discussion and Action:

In the last two years, four IMF petitions, fifteen Schiff-Bustamante waiver requests, and three IMFRP petitions have been submitted to the Board for Grade 6 of the *Houghton Mifflin Mathematics* program. All twenty-two of these requests were approved by the State Board.

Summary of Key Issue(s).

The **Cypress School District** requests approval of its petition pursuant to *Education Code* (EC) Section 60200 (g):

“If a district board establishes to the satisfaction of the State Board that the state-adopted instructional materials do not promote the maximum efficiency of pupil learning in the district, the State Board shall authorize the district board to use its instructional materials allowance to purchase materials as specified by the State Board.”

In addition, language within the new Instructional Materials Funding Realignment Program in *Education Code* (EC) Section 60421(d) specifically authorizes the State Board to grant waivers for the purchase of nonadopted materials:

“Notwithstanding any other provision of law, pursuant to subdivision (g) of Section 60200, the State Board of Education may authorize a school district to use any state basic instructional materials allowance to purchase standards-aligned materials as specified within this part.”

Cypress School District is requesting a waiver for the use of Instructional Materials

Funding Realignment Program (IMFRP) funds for the purchase of *Houghton Mifflin Mathematics* for Grade 6. The K-5 program was submitted and adopted under the 2001 Mathematics Adoption.

While no State Board policy currently exists for petitions under the new Instructional Materials Funding Realignment Program, the State Board approved fifteen waivers for districts to use this program under its Schiff-Bustamante grade-level extension exemption policy (State Board Policy #99-06).

The *Houghton Mifflin Mathematics* program for grades K-5 was submitted for review under the 2001 Mathematics Adoption. It was adopted by the State Board of Education. The grade 6 program was completed after the state adoption of the grades K-5 program. The district is requesting a waiver for a program that would continue or extend a currently adopted program. At the Board's request, Commissioner Sue Stickel reviewed grade 6 of the *Houghton Mifflin Mathematics Program* and felt that the program offered sufficient coverage of the mathematics content standards.

The district is currently using the state-adopted Houghton-Mifflin series in grades K-5. The district's 2002 API scores are above average, with 8 of its 10 schools scoring in the eighth decile or higher, with the lowest-scoring school scoring in the sixth decile. No test data was provided; however, this information was not required for an Exemption One waiver request under the former State Board Schiff-Bustamante Policy #99-06. The district is committed to improving its performance by using a state-approved program in mathematics that is consistently applied through grades K-6.

Department Recommendation

The Department recommendation is for approval of the petition request from 8/1/03 through 7/31/05.
